Los Angeles County Seeks Proposals for Voting System Development

LOS ANGELES – Los Angeles County Registrar-Recorder/County Clerk (RR/CC) Dean C. Logan released a Request for Proposals (RFP) for the Los Angeles County Voting Solutions for All People (VSAP). The RFP seeks proposals from pre-qualified vendors to support the development and implementation of the County's new voting systems. Vendors were pre-qualified during the initial Phase of this RFP in November 2017. **This step marks a significant milestone for the VSAP which seeks to implement a new voter experience in 2020.**

The VSAP is an innovative project launched by Los Angeles County to develop a completely new voting experience for Los Angeles County voters; an experience that focuses on the needs and preferences of the voters themselves – and, that is publicly owned and operated. The proposed new voting experience was designed using a human-centered approach that engaged over 3,500 voters in the design process to result in an experience that is secure, accessible and convenient.

Pre-qualified vendors have until **Friday, March 2, 2018 at 2PM** to respond. Individuals desiring more information on the RFP are advised to visit the VSAP website at [VSAP: Request for Proposals](#).

Additional information and updates are available online at vsap.lavote.net.

The mission of the Registrar-Recorder/County Clerk is to serve Los Angeles County by providing essential records management and election services in a fair, accessible and transparent manner. For more information, visit vsap.lavote.net and follow us on Twitter @LACountyRRCC.
